"We have nothing but good experiences with the Curry House of Cadillac. My mother, Mrs. Christena Taylor, has resided at the Curry House for 6 ½ years. We are able to travel knowing she is safe and well taken care of. She has nice clean facilities and nutritious meals. Curry House is very attentive of her needs, whether it's dispensing medication or doctor and hair dresser appointments, etc. We would recommend the Curry House to those who need assisted living." **Daughter of Mrs. Christena Taylor-Resident.**

To Everyone at Curry House

Our eternal gratitude
for the loving care that
our dear one, Bill Kuipers
received.

He was always treated
lovingly by management,
receptionist, care givers, food
helpers (all of the staff) when
we visited.

I thank you for everything
you did to make his last
days on this earth as
comfortable as possible.

He is now walking &
singing in Heaven.
